#### **7. Disclosure of the responsibilities of the Board of Management for the Separate Interim Financial Statements**

The Board of Management of the Company is responsible for the preparation and presentation of the Company's Separate Interim Financial Statements, ensuring that the Separate Interim Financial Statements reflect honestly and reasonably the financial situation as of 30<sup>th</sup> June 2026, as well as the results of business activities and cash flows for the 6-month accounting period ending on the same day of the Company. In the process of preparing this Separate Interim Financial Statement. The Board of Management of the Company commits to comply with the following requirements:

- Establish and maintain internal controls that the Board of Management of the Company determines are necessary to ensure that the preparation and presentation of the Separate Interim Financial Statements are free of material errors due to fraud or mistakes;
- Appropriate selection and consistent application of accounting policies;
- Make judgments and estimates reasonably and prudently;
- State clearly whether applicable accounting standards have been followed, and whether there are any material departures requiring disclosure and explanation in the Separate Interim Financial Statements;
- Prepare and present the Separate Interim Financial Statements in accordance with Vietnamese Accounting Standards, the prevailing Vietnamese Enterprise Accounting System and the relevant statutory requirements applicable to the preparation and presentation of Separate Interim Financial Statements;
- Prepare the Separate Interim Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Management of the Company is responsible for ensuring that proper accounting records are kept to fairly reflect the financial position of the Company at any time and to serve as a basis for the preparation of the Separate Interim Financial Statements in compliance with the prevailing State regulations. The Board of Management is also responsible for safeguarding the assets of the Company and has taken appropriate measures for the prevention and detection of fraud and other irregularities.

The Company's Board of Management undertakes that the Company complies with the provisions of the Securities Law and that the Company does not breach its obligations to disclose information under relevant regulations

## REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

**To:**           **The Shareholders**  
                  **Board of Directors, Board of Management**  
                  **AAV Group Joint Stock Company**

We have reviewed the accompanying Separate Interim Financial Statements of AAV Group Joint Stock Company (hereinafter referred to as "the Company"), prepared on 28<sup>th</sup> August 2026, which comprise the Separate Interim Statement of Financial Position as at 30<sup>th</sup> June 2026, the Separate Interim Income Statement, the Separate Interim Cash Flow Statement for the six-month accounting period then ended, and the Notes to the Separate Interim Financial Statements, presented from page 7 to page 36.

These reviewed Separate Interim Financial Statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

### Board of Management's Responsibility

The Company's Board of Management is responsible for the preparation and true and fair presentation of these Separate Interim Financial Statements in accordance with Vietnamese Accounting Standards, the current Vietnamese Corporate Accounting System and relevant statutory requirements applicable to the preparation and presentation of the Separate Interim Financial Statements, and for such internal control as the Board of Management determines is necessary to enable the preparation and presentation of the Separate Interim Financial Statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on these Separate Interim Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 - *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION (Continued)

### Auditor's Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Separate Financial Statements do not give a true and fair view, in all material respects, of the financial position of AAV Group Joint Stock Company as at 30<sup>th</sup> June 2026, and of its Separate Statement of Income and separate Cash Flows for the six-month period then ended, in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the Separate Financial Statements.

### Emphasis of Matter

We would like to remind readers at Notes No. 2.3: As of June 30<sup>th</sup>, 2026, current liabilities have exceeded the Company's current assets of VND 203,905,037,433, accumulated losses are VND 41,660,858,079, These events indicate the existence of material uncertainties leading to significant doubts about the Company's ability to going concern. At the time of issuance of the report, the Company's Board of Management is committed to continuing to promote the development and completion of real estate projects, ensuring production and business activities. Separate Financial Statements for the fiscal year ended 30/06/2026 are still presented on the basis of assumptions about the ability to going concern.

### Other Matter

The Separate Interim Financial Statements for the six-month accounting period ended 30<sup>th</sup> June 2025 were reviewed by an auditor of another auditing firm. This auditor expressed a qualified conclusion on those Separate Interim Financial Statements on 29<sup>th</sup> August 2025.

**NOTES TO THE SEPARATE INTERIM FINANCIAL STATEMENTS (CONTINUED)**

*For the accounting period from 01/01/2026 to 30/06/2026*

**2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS, ACCOUNTING PERIOD, ACCOUNTING CURRENCY AND GOING CONCERN ASSUMPTION**

**2.1. Basis of preparation of the Separate Financial Statements**

The accompanying Separate Financial Statements are presented in Vietnamese Dong (VND), under the historical cost convention and in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and relevant statutory requirements applicable to the preparation and presentation of Separate Financial Statements.

The accompanying Separate Financial Statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam..

**2.2. Accounting period and accounting currency**

The Company's annual accounting period starts on 1<sup>st</sup> January and ends on 31<sup>st</sup> December of the calendar year.

These Separate Interim Financial Statements are prepared for the accounting period from 1<sup>st</sup> January 2026 to 30<sup>th</sup> June 2026.

The currency used in accounting is Vietnamese Dong ("VND").

**2.3. Going concern assumption**

As of June 30<sup>th</sup>, 2026, current liabilities have exceeded the Company's current assets of VND 203,905,037,433, accumulated losses of VND 41,660,858,079, These events indicate the existence of material uncertainties leading to significant doubts about the Company's ability to going concern. At the time of issuance of the report, the Company's Board of Management is committed to continuing to promote the development and completion of real estate projects, ensuring production and business activities. Separate financial statements for the fiscal year ended 30<sup>th</sup> June 2026 are still presented on the basis of the assumption of the ability to going concern.

**3. APPLIED ACCOUNTING STANDARDS AND SYSTEM**

**3.1. Applied Accounting Standards and System**

The Company applies Vietnamese Accounting Standards, the current Vietnamese Corporate Accounting System and relevant statutory requirements applicable to the preparation and presentation of the Separate Interim Financial Statements.

Accordingly, these Separate Interim Financial Statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

**3.2. Application of new guidance on the Corporate Accounting System**

On 27<sup>th</sup> October 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC ("Circular 99") guiding the corporate accounting system. Circular 99 takes effect from 1<sup>st</sup> January 2026 and applies to financial years beginning on or after 1<sup>st</sup> January 2026. This Circular replaces the following documents:

- Circular No. 200/2014/TT-BTC dated 22<sup>nd</sup> December 2014 issued by the Ministry of Finance ("Circular 200") guiding the corporate accounting system;

**NOTES TO THE SEPARATE INTERIM FINANCIAL STATEMENTS (CONTINUED)**

*For the accounting period from 01/01/2026 to 30/06/2026*

- Circular No. 75/2015/TT-BTC dated 18<sup>th</sup> May 2015 issued by the Ministry of Finance amending and supplementing Article 128 of Circular 200;
- Circular No. 53/2016/TT-BTC dated 21<sup>st</sup> March 2016 issued by the Ministry of Finance amending and supplementing certain articles of Circular 200.

In the assessment of the Board of Management, the application of Circular 99 in the current accounting period does not have a material impact on the Company's Separate Interim Financial Statements.

**3.3. Statement of compliance with Vietnamese Accounting Standards and the Accounting System**

The Company's Board of Management ensures that it has fully complied with the requirements of Vietnamese Accounting Standards, the current Vietnamese Corporate Accounting System and relevant statutory requirements applicable to the preparation and presentation of the Separate Interim Financial Statements.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following are the significant accounting policies applied in the preparation and presentation of these Separate Interim Financial Statements.

The accounting policies applied in the preparation and presentation of these Separate Interim Financial Statements are consistent with those applied in the preparation and presentation of the Financial Statements for the most recent year.

**4.1. Accounting estimates**

The preparation and presentation of the Separate Interim Financial Statements in conformity with Vietnamese Accounting Standards, the current Vietnamese Corporate Accounting System and relevant statutory requirements applicable to the preparation and presentation of Separate Interim Financial Statements require the Board of Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the end of the accounting period, as well as the reported amounts of revenues and expenses during the accounting period.

**4.2. Cash and cash equivalents**

Cash comprises cash on hand and demand bank deposits.

Cash equivalents are short-term investments with a recovery or maturity period not exceeding 3 months that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value from the date of purchase to the reporting date.

**4.3. Financial investments**

*Investments in subsidiaries, joint ventures, and associates;*

Subsidiaries are entities over which the Company has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The assessment of control takes into consideration currently exercisable potential voting rights.

Associates are entities over which the Company has significant influence, but not control, over the financial and operating policies. Joint ventures are entities over which the Company has joint control established by contractual agreement and requiring unanimous consent of the venturers for strategic financial and operating decisions. Joint ventures and associates are generally entities in which the Company holds between 20% and 50% of the voting rights.

**NOTES TO THE SEPARATE INTERIM FINANCIAL STATEMENTS (CONTINUED)**

*For the accounting period from 01/01/2026 to 30/06/2026*

Investments in subsidiaries, joint ventures, and associates are initially recognized at cost, including the purchase price and directly attributable acquisition costs. Subsequent to initial recognition, these investments are carried at cost less provision for impairment of investments. Provision for impairment of investments is made when the investee incurs a loss leading to the Company's possible loss of capital, unless there is evidence that the value of the investment has not been impaired. The provision is reversed when the investee subsequently generates profits to offset the losses for which the provision was previously made. The provision is reversed only to the extent that the investment's carrying amount does not exceed its carrying amount that would have been determined if no provision had been recognized.

In case the Company dissolves a subsidiary and merges all assets and liabilities of the subsidiary into the Company (the Company inherits all rights and obligations of the subsidiary), the Company derecognizes the carrying amount of the investment in the subsidiary and recognizes all assets and liabilities of the dissolved subsidiary in the Company's Separate Financial Statements at their fair values at the merger date. The difference between the carrying amount of the investment in the subsidiary and the fair value of the assets and liabilities is recognized in financial income or financial expenses.

**4.4. Receivables**

Receivables are presented in the Separate Interim Financial Statements at the carrying amounts of the Company's trade receivables from customers and other receivables, together with the provision for doubtful debts. At the reporting date, if:

- Receivables with a recovery or payment period of 1 year or less (or within one normal operating cycle) are classified as Short-term assets;
- Receivables with a recovery or payment period of more than 1 year (or more than one normal operating cycle) are classified as Long-term assets;

The provision for doubtful debts represents the estimated loss due to non-payment by customers concerning the outstanding receivable balances at the end of the accounting period.

The provision for doubtful debts is made for receivables that are overdue for 6 months or more, or receivables that the debtors are unlikely to pay due to liquidation, bankruptcy, or similar difficulties.

**4.5. Fixed assets and depreciation of fixed assets**

Fixed assets are stated at cost less accumulated depreciation.

***Tangible fixed assets***

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the asset to working condition for its intended use.

The cost of self-constructed or manufactured assets includes the actual construction or manufacturing costs incurred plus installation and test running costs.

Tangible fixed assets are depreciated on a straight-line basis over their estimated useful lives as follows:

### NOTES TO THE SEPARATE INTERIM FINANCIAL STATEMENTS (CONTINUED)

For the accounting period from 01/01/2026 to 30/06/2026

|                                          | Useful live   |
|------------------------------------------|---------------|
| Buildings and structures                 | 05 - 50 years |
| Machinery and equipment                  | 06 - 20 years |
| Means of transportation and transmission | 06 - 10 years |
| Management equipment, tools              | 03 - 10 years |
| Intangible fixed assets                  | 06 - 08 years |

#### **Intangible fixed assets**

Intangible fixed assets are stated at cost less accumulated amortization.

The cost of an intangible fixed asset comprises all costs incurred by the Company to acquire the asset up to the time it is brought into its intended working condition. Subsequent costs related to intangible fixed assets incurred after initial recognition are recognized as business and production expenses in the period, unless such costs are directly associated with a specific intangible fixed asset and increase the economic benefits from that asset.

When intangible fixed assets are sold or disposed of, their cost and accumulated amortization are derecognized and any gain or loss resulting from their disposal is included in the income or expenses for the year.

#### **4.6. Investment properties**

Investment real estate is the right to use land and infrastructure owned by the Company. Investment real estate is expressed at historical cost minus accumulated wear and tear. The historical cost of an investment real estate is the total cost that the Company has to spend or the fair value of the amounts offered for exchange in order to obtain the investment real estate up to the time of purchase or completion of construction.

Expenses related to investment real estate incurred after the initial recognition shall be recorded as costs, unless these expenses are likely to cause the investment property to generate more economic benefits in the future than the level of operation originally assessed, the increase in historical cost shall be recorded.

When the investment property is sold, the historical cost and accumulated depreciation are written off and any gains and losses incurred are accounted for in income or expenses during the year.

If the Company has investment real estate used for lease, the following paragraph shall be presented:

Rental investment properties are depreciated using the straight-line method based on estimated useful life.

#### **4.7. Work in progress**

Construction in progress is stated at cost. This cost comprises all necessary costs to newly acquire fixed assets, newly construct or repair, renovate, expand or technically re-equip works, such as: construction costs; equipment costs; compensation, support and resettlement costs; project management costs; construction investment consultancy costs and other costs.

These costs are capitalized and recognized as an increase in assets when the construction works are completed, the overall acceptance test has been finished, and the assets are handed over and brought into working condition for their intended use.

#### **4.8. Prepaid expenses**

Prepaid expenses include short-term prepaid expenses and long-term prepaid expenses on the Company's Separate Statement of Financial Position, and mainly consist of infrastructure rental

expenses, insurance expenses, tools and supplies, returnable packaging, etc., and other short-term and long-term prepaid expenses. The allocation of prepaid expenses to production and business costs of each period is based on the nature and extent of each type of expense corresponding to the ability to generate economic benefits from these expenses.

#### 4.9. Trade payables and other payables

Payables are presented in the Separate Interim Financial Statements at the carrying amount payable to the Company's suppliers and other payables, and are detailed for each payable entity. At the reporting date, if:

- A payable has a payment term of 1 year or less (or within one normal operating cycle), it is classified as short-term;
- A payable has a payment term of more than 1 year (or more than one normal operating cycle), it is classified as long-term.

#### 4.10. Accrued expenses

Accrued expenses include the value of expenses that have been charged to operating expenses in the accounting period but have not been actually paid at the end of the accounting period. When such expenses are actually incurred, if there is a difference from the accrued amount, the accountant shall record an additional amount or a decrease in expenses corresponding to the difference.

#### 4.11. Owner's equity

The Company's initial investment capital is recognized at the contributed value of the contributing parties when transformed into/established as a joint stock company. During the operation process, the Company's investment capital is recognized as increasing according to the increased contributed value of the shareholders.

Share premium is recognized at the difference between the re-issue price and the par value of shares upon initial issuance or additional issuance; the difference between the re-issue price and the carrying amount of treasury shares; and the equity component of convertible bonds upon maturity. Direct costs related to the additional issuance of shares and re-issuance of treasury shares are recorded as a decrease in share premium.

When repurchasing shares issued by the Company, the amount paid, including costs related to the transaction, is recognized as treasury shares and is reflected as a deduction in owner's equity. Upon re-issuance, the difference between the re-issue price and the carrying amount of treasury shares is recorded in "Share premium".

Profit after corporate income tax is distributed to the contributing parties after making appropriations to funds in accordance with the Company's Charter as well as legal regulations and approved by the Resolution of the General Meeting of Shareholders.

#### 4.12. Taxes

##### **Value Added Tax (VAT):**

The Company declares and calculates Value Added Tax (VAT) in accordance with the guidance of prevailing tax laws.

##### **Corporate Income Tax (CIT):**

Taxable income is calculated based on the operating results in the accounting period and adjusted for expenses that are not accepted as reasonable and valid expenses for tax purposes.

The corporate income tax rate for the Company's accounting period is: 20%

**NOTES TO THE SEPARATE INTERIM FINANCIAL STATEMENTS (CONTINUED)**

*For the accounting period from 01/01/2026 to 30/06/2026*

The corporate income tax expense in the accounting period is the current income tax expense. Current income tax is the tax calculated based on taxable income for the period at the tax rate applied in the accounting period. Taxable income differs from accounting profit due to adjustments for temporary differences between tax accounting and financial accounting, as well as adjustments for non-taxable or non-deductible income or expenses.

Deferred income tax is the corporate income tax expected to be payable or recoverable on temporary differences between the carrying amounts of assets and liabilities for the purpose of the Separate Interim Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred income tax liabilities are recognized for all taxable temporary differences. Deferred income tax assets are recognized to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilized.

**Other taxes:** in accordance with current Vietnamese regulations.

The Company's tax finalization will be subject to inspection by the tax authorities. Because the application of tax laws and regulations to many different types of transactions can be interpreted in various ways, the tax amounts presented in the Separate Interim Financial Statements may be subject to change upon the decision of the tax authorities.

**4.13. Revenue**

Revenue is recognized when the outcome of the transaction can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

- (i) Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have been transferred to the buyer, and the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold, and the costs incurred in respect of the transaction can be measured reliably.
- (ii) Revenue from the rendering of services is recognized when the significant risks and rewards have been transferred to the customer, the services have been provided and accepted by the customer, and the costs incurred for the transaction and the costs to complete the service rendering transaction can be measured reliably. Revenue from consulting services is recognized based on the value of issued financial invoices, minutes of acceptance of completed work volume, and acceptance of payment by customers.
- (iii) Financial income includes revenue arising from dividends and distributed profits, interest on deposits, foreign exchange gains, and interest on deferred sales... Interest is recognized on an accrual basis taking into account the principal outstanding and the applicable interest rate; foreign exchange gains and interest earned from late payments by customers are based on contracts and confirmation minutes with customers; Dividends and distributed profits are recognized when the Company establishes the right to receive dividends or profits from capital contribution. For stock dividends (in the case of a Joint Stock Company), only the increase in the number of shares is tracked, and the value of the received shares is not recognized.

**4.14. Cost of goods sold**

Cost of goods sold is recognized in matching with the revenue from the sale of goods and rendering of services and ensuring the prudence principle.

For direct material costs consumed above the normal level, labor costs, and fixed manufacturing overheads that are not allocated to the value of products transferred to inventory, they are recognized immediately in the cost of goods sold (after deducting compensations, if any) even if the products or goods have not yet been determined as sold.

#### 4.15. Financial expenses

The Company's financial expenses include interest expenses, foreign exchange losses, and other financial expenses not capitalized according to regulations incurred during the accounting period.

#### 4.16. Selling and general administrative expenses

Selling and general administrative expenses are all actual expenses incurred during the process of selling products and goods, providing services, and the general administrative expenses of the Company.

#### 4.17. Segment reporting

A segment is a separately identifiable component of the Company that is engaged in providing related goods or services (business segment) or providing goods or services within a particular economic environment (geographical segment). Each of these segments is subject to risks and returns that are different from those of other segments.

The Company's principal business activity is manufacturing and trading construction paints, wall putty, and other construction materials. These activities are carried out under a common process and operate in a single geographical area (Hanoi City). Therefore, the Company does not prepare Segment Reporting for the accounting period ended 30<sup>th</sup> June 2026.

#### 4.18. Related parties

Parties are considered to be related if one party has the ability to control or exercise significant influence over the other party in making financial and operating decisions. Cases considered as related parties include:

- Enterprises - including parent companies, subsidiaries, associates - and individuals that, directly or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company.
- Associates, individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company, key management personnel of the Company, close family members of such individuals or associates, or companies associated with these individuals are also considered related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely the legal form.
